## OEM Parts Disclosure

For Apple: Your Apple device repair may contain original or non-original manufacturer parts and may affect your manufacturer's warranty. If a non-OEM part is available for your repair, and you have chosen to use the non-OEM part, you authorized a repair using third-party non-original OEM parts. Such parts may void your manufacturer's warranty. If the part description does not specifically state "OEM", assume the part is non-OEM.

For Samsung In-Warranty: WARRANTY: All repaired/replaced devices will be warranted for a period equal to the remainder of the applicable manufacturer's original Limited Warranty on the original device, if any, or for ninety (90) days, whichever is longer.

For Google In-Warranty: WARRANTY: All repaired/replaced devices will be warranted for a period equal to the remainder of the applicable manufacturer's original Limited Warranty on the original device, if any, or for ninety (90) days, whichever is longer.
