Substitution Policy:

"Sometimes, due to lack of certain flowers in different parts of the country, we may be forced to use floral substitutions. However, care goes in to ensure that the flowers of substitution are of equal quality, and that the arrangement matches the colors and theme of the arrangement. Against these guidelines, florists may also be substituted due to high volume in the case of single flower arrangements, such as all roses or orchid bouquets, we may substitute different flowers, but matching the flower type in our best priority."

Occasionally, substitutions may be necessary to create your bouquet due to the availability of certain flowers in certain parts of the country. Care is taken to maintain the style, theme and color scheme of the arrangement using flowers of equal value. Additionally, the substitution of certain keepsake items may be necessary due to increased demand, especially during major holidays. In single flower arrangements, such as an all roses bouquet, or orchids, we will make every attempt to match the flower type, but may substitute with another color."
