Substitution Policy:
"Customers: Due to lack of certain flowers in different parts of the country, we may be forced to use floral substitutions. Customers who agree to this policy that the flowers in substitution are of equal quality, that the arrangement features the same color theme as the original. Actual floral delivery, to ensure there may also be substitutions for the flowers in the case of large flower arrangements, such as all-over or mixed bouquets, we may substitute different colors, but matching the flower type to our top priority."

Occasionally substitutions may be necessary to create your bouquet due to the availability of certain flowers in various parts of the country. Care is taken to maintain the style, theme and color scheme of the arrangement, using flowers of equal value. Additionally, the substitution of certain flowers may result in the arrangement being more expensive than the original bouquet. In such cases, we will make every attempt to match the flower type, but may substitute with another color.
