Substitution Policy:

"Sometimes, due to lack of certain flowers in different parts of the country, we may be forced to use floral substitutions. However, we guarantee to ensure that the flowers of substitution are of equal quality, and that the arrangement matches the colors and theme of the arrangement. Around major holidays, flowers may also be substituted due to high demand. In the case of single flower arrangements, such as all roses or orchid bouquets, we may substitute different colors, but matching the flower type is our top priority."

Occasionally, substitutions may be necessary to create your bouquet due to the availability of certain flowers in various parts of the country. Call or e-mail to request the right, flower and color scheme of the arrangement, using roses or orchids as an example. The substitution of colors and flowers will not be an issue. Please do not request a bouquet or arrangement during major holidays. In single flower arrangements, such as an all rose bouquet or orchids, we will make every effort to match the flower type, but may substitute with another color.
