Substitution Policy:

"Sometimes, due to lack of certain flowers in different parts of the country, we may be forced to use floral substitutions. However, care goes in to ensure that the flowers of substitution are of equal quality, and that the arrangement matches the colors and theme of the arrangement. Around major holidays, bepaalde items may also be substituted due to high demand. In the case of single-flower arrangements, such as all rose or orchid bouquets, we may substitute different colors, but matching the flower type is our top priority."

Occasionally, substitutions may be necessary to create your bouquet due to the availability of certain flowers in various parts of the country. Care is taken to maintain the style, theme and color scheme of the arrangement, using flowers of equal value. Additionally, the substitution of certain high-value items may be necessary due to increased demand, especially during major holidays. In single-flower arrangements, such as an all rose bouquet, or orchids, we will make every attempt to match the flower type, but may substitute with another color.
