Description of Incident
Resident was at sink to wash her hands and states that the medicine cabinet fell off the wall and hit her left arm before falling and smashing on the sink and floor. The resident said she was ok. No broken skin or bleeding, but a mark/bruise appeared on her arm. The medicine cabinet was not recently installed and we are not sure what would have caused it to fall.
Corrective action taken at the time of the incident
Dave Kimmel and Dan Ortiz responded and cleaned up. Clean Tech was contacted to do a deep detailed cleaning to ensure no glass pieces remain. The medicine cabinet will be replaced.
What we have done related to Customer Service and helping the resident, if anything?
