Description of Incident
This involved an employee. Dante was receiving a paint order from Sherwin Williams at 8:40 am on the Godfrey building loading dock. He was assisting the driver with placing (4) 5 gallon buckets of paint on the hand truck. As they attempted to stack them, one of the buckets slipped and fell on Dante's foot, striking the area on the big toe. Dante said that it did hurt, but the pain became very apparent around 2:30 pm while he was working. He then reached out to the Property Manager about the injury
Corrective action taken at the time of the incident
Informed Dante of the worker's comp policies and provided him with forms. Called the Maintenance Supervisor to alert him of the issue and notified Suzanne Kelly in HR of the injury. Suzanne then instructed to write an incident report.
