Description of Incident
Julien McDowell, maintenance tech, was salting the front exterior entrance of West tower. A dog walker for the residents who reside in apartment W322, was walking their dog. Julien was walking back to his salt bucket when the dog walker and dog passed him in front of West tower. As the dog walker stopped to open the West tower entrance door, the dog saw Julien and lunged toward his left arm. As Julien pulled his arm back quickly, the dog was able to bite Julien on his left leg.

Corrective action taken at the time of the incident
Kenny Poteat, our Assistant Maintenance Supervisor, took Julien to Urgent Care, but both Urgent Care locations were closed. They then went to Einstein where Julien received 7 injections, tetanus shot, rabies shot.

What we have done related to Customer Service and helping the resident, if anything?
I, Stephen Cicala, reviewed the security footage and saved two videos of the dog attack. The dog will need to be removed from the community as we cannot have aggresive dogs living in the community. The residents will be contacted when I'm back in the office on Tuesday, 2/24.
