Description of Incident
Matthew Morton was passing through the J and K building breezeway during his work hours. Kara Shedlauskas was walking her dog Riley in the J and K buildings. Riley was on a leash and was urinating in the breezeway. Kara said that Riley really had to go and couldn't make it to the grass. As Matthew was walking by Kara and Riley, Riley lunged at Matthew and bit him in the thigh. The bite broke the skin.
Corrective action taken at the time of the incident
Matthew notified me and I advised him to go to the hospital to get checked. Matthew did go to Einstein Hospital first. He waited in the ER from 6 pm until around 1 am and was never admitted. I provided him our medical providers information. Matthew said he will go to Patient First this morning, 6/24.
What we have done related to Customer Service and helping the resident, if anything?
I spoke with the resident to verify her dog was on a leash and to get her side of the incident. Both Kara and Matthew reported the same information to me. Kara also said that her dog has all her shots and she can provide any documentation or vet records if needed. Kara will be told that the dog can no longer reside on the premise and Kara's lease has been set to non-renew.
