<b>Description of Incident</b>
Leno was driving between East and South buildings. Leno made a left turn and a speeding vehicle passed him, and was honking. Leno came around the parking lot and met up with the driver at the East building overpass. Leno got out of his vehicle and the other driver was still in his vehicle. Leno went over to the vehicle to look into the car, because it had tinted windows. He looked into the drivers side window. Leno saw delivery bags and noticed that that driver was not a resident. Leno told the person that he cannot speed through the community.. The driver then rolled the window down and pointed a gun at Leno and said, "what...what?" Leno then said that he cannot speed through the community and that he is a maintenance employee here. The driver then waived the gun and told Leno to get away. Leno said to the driver he was absolutely right and got the license plate to call the police.
<b>Corrective action taken at the time of the incident</b>
Leno called the police. Police arrived and Leno provided a statement with the Upper Merion Police.
