Theft
Description of Incident
<p>Around 10:00am today, Shawn came to the office to let me know that he believed the Yono work truck catalytic converter was stolen. The truck was parked in the back lot. He stated that on 9/19, around 3:00pm he went to use the truck but noticed a loud noise so he didn't not take the truck. This morning on 9/20, he went to use the truck and heard the noise again, which prompted him look underneath and see the part missing. He then alerted John and I. John told him to call Tony about getting someone to come for the truck and see about repairs. I looked at the camera, but due to the Valcort scaffolding and lighting, the truck can't been seen on camera. We are unsure exactly when it was taken.</p>
Corrective action taken at the time of the incident
<p>We alerted John Samuel once it was discovered the part was gone. John called Tony to arrange for him to look at the truck, fix the coverter and also to have a covering underneath the truck so this will not happen again.</p>
What we have done related to Customer Service and helping the resident, if anything?
