Description of Incident
The leasing golf cart rolled into a residents vehicle. Robert Clegg said he was the last person in the golf cart. He put the parking break on, but he said it must not have stayed down and it rolled into a residents black Ford Taurus. The golf cart suffered only minimal damage..
Corrective action taken at the time of the incident
The landscapers saw the cart against the car and notified Chris Brown, who then notified Robert Clegg.
What we have done related to Customer Service and helping the resident, if anything?
Robert went to see the new resident and advised them what happened. He also took pictures of the vehicle. Robert said since the incident, he hasn't heard any follow up from the resident regarding this incident. Robert has been in contact with the residents since and thinks it's possible that the damage was already done to the car before the golf cart hit it and perhaps that's why they haven't come forward. Stephen Cicala will be following up with the resident.
