Description of Incident
At 3 pm, Brian Brillman, owner of the White Horse Creamery (700 West) called to report water dripping from the ceiling. I contacted Tony Chisolm and Robinson Filus to go to 702 t oinvestigate and address the cause of the leak. At 3:10 PM, Brian called again, stating the water was now pouring out of the ceiling and he was afraid the ceiling was going to come down. He had evacuated the business and was waiting for maintenance. Tony and Robinson found that the kitchen sink was overflowing in 702West Ave. The resident, John Kozempel was home, stating he had only stepped out for a few seconds.
Corrective action taken at the time of the incident
Water was turned off and the damage was assessed both in 702 West and in 700 West. Cleantech was contacted to extract water and clean up any debris in both units. Due to water running down the wall past/behind/in front of the electrical panel and the cable/internet server in the basement, as well as water coming from the light fixture, Paul McMullen was called to confirm no electrical risk was present.
