RE: The Condition of Your Apartment

We have received a report from the extermination contractor regarding the condition of your apartment.

It has been reported that there is un-cleanliness in your apartment. Such items consist of crumbs on your floor in your bedroom and kitchen, a lot of clutter on your kitchen countertops, stove top and island..

We are requesting that you clean the trash & crumbs from your apartment immediately. The extermination tech has found evidence of roach activity in your apartment. The extermination tech has also found roach activity in adjacent apartments that are coming from your apartment. We will be scheduling the exterminator to come into your apartment on **Wednesday, 7/27/22** to do a follow up treatment of your apartment. Your unit must be thoroughly cleaned up prior to this occurring.

If you have any questions please feel free to contact the Management Office

at . Thank you for your cooperation.

Yours,

Stephen Cicala
