RE: Work Order Follow Up

This letter is to follow up for the maintenance request that you have placed. Maintenance was in your unit on **Thursday, March 25, 2021** and has completed the work. Upon completing the work it was brought to our attention that the problems are caused by not clearing hair out of the drain. Please be sure to clear the drain out otherwise this could result in charges to your account if this becomes a consistent problem. Please do contact us if you are not satisfied with the work or have any questions or concerns.

Yours,

Katelyn Russell
