RE: Elevator out of commission

The safety of our residents is always our first concern. Due to the nature of the problem with the elevator, it was safer for us to discontinue operation until the proper repair can be made. Our elevator contractor is awaiting the delivery of a part necessary to repair the elevator. Our contractor has advised us that it would be just a few days before the part arrives, however we are working to expedite the shipment as quickly as possible. We are continuing to stay in touch with them regularly for updates.

We apologize for the inconvenience. We will provide further updates as we have more information. Please call the office at 215-463-5566 with any questions or concerns.

Sincerely,

Yours,
Marva Brown
