RE: Snow Storm is Coming

Dear Residents,

Winter is here! Our area is expected to get hit by a snow storm with dangerous conditions and up to 6 inches of snow.

If you experience storm related power outages in the community. You can report them to and obtain power outage information from PECO at 1-800-494-4000.

Tips:

- Fully charge your mobile phone and electronic devices before the storm comes.
- Fill up your gas tank in your vehicle.
- Purchase necessity items at a grocery store, especially bottled water and batteries for flashlights.
- You may borrow a shovel from the leasing office if you need one to dig

your vehicle out. To ensure shovels are returned and available for everyone, you will be required to leave your photo ID at the office until the shovel is returned.

Our maintenance team will be cleaning and salting the walkways. When the storm gets close to ending, the snow removal company will be onsite plowing the parking lots. If you see any dangerous icy/snowy patches around the community that maintenance accidentally missed or notice any downed tree limbs, please contact our leasing office at 215-463-5566.

The salt used on the sidewalks is pet friendly, however, pet owners are encouraged to clean their pet's paws upon returning from a walk. Also pet owners are reminded to pick up after their pets.

Thank you and be safe!

Yours,

Marva Brown
