RE: **Water Shut-Off**

EMERGENCY WATER SHUT OFF

Please be advised the water has been shut off due to a burst pipe that flooded the laundry room.

Maintenance is currently on site working to rectify the issue as fast as possible.

Please **Do Not** leave your faucets open/on. Please make sure your faucets are in the **off** position.

This may cause a flood in your apartment home and/or other's apartments if the faucets are left running when the water is restored.

This is an unforeseen occurrence and an emergency situation due to the weather.

We apologize for any inconvenience this may cause.

Also, we appreciate your patience and understanding.

Yours,

Doris Scipio
