RE: General - Construction notice

We are pleased to announce our contractors are currently replacing sections of the roofs. Work will begin at about 7:00 am until 5:00 pm each day until completion. During this time there will be some noise disturbance, especially to residents on the top floors.

*There will be dust that is produced, particularly while the existing roof materials are removed from the roof and deposited in a dumpster. We recommend you keep your windows closed so that the dust does not enter your home. *

We thank you for your patience during this time while we continue to improve the property. The project will take approximately 2-3 weeks to complete, pending weather conditions.

Yours,

Doris Scipio
