RE: Incident has been Reported

This is to inform you that we have received reports of a large bee hive near the rear of the property. As they appear to be honeybees we cannot eradicate them. We have reached out to a company that will safely relocate the colony. We expect to have the bees removed this week. If they are left alone, they pose no threat. Please do not attempt to spray or disturb them in anyway.

Feel free to contact the Management Office at 215-463-5566. Thank you for your cooperation.

Yours,

Marva Brown
