

Seeking Information from Residents

April 17, 2024

All Residents
Gateway Towers
Bldg A:3600 Gateway Drive
Philadelphia, PA, 19145

FROM: Melissa Verdon, Community Director

RE: Incident has been Reported

We hope this email finds you well. We are writing to invite you to an important meeting regarding the management of our community's outdoor cat population and feeding practices.

As you may be aware, the issue of outdoor cats has been a topic of discussion within our community for some time. To address this matter effectively and compassionately, we have partnered with The Cat Collaborative, an organization dedicated to promoting Trap-Neuter-Return (TNR) programs and humane solutions for community cats.

We believe that it's crucial for all residents involved in feeding outdoor cats to come together and discuss how we can best implement the TNR program and find a feeding solution that works for everyone. Your input and cooperation are invaluable in ensuring the well-being of these cats and maintaining harmony within our community.

Therefore, we cordially invite you to join us for a meeting on:

Date: April 19th, 2024

Time: 5:30 PM

Location: Gateway Clubhouse

During the meeting, we will provide information about the TNR program, discuss its benefits, and explore various feeding strategies that consider the concerns and perspectives of all residents involved.

Your attendance and participation are highly encouraged as we strive to find constructive and compassionate solutions together. If you have any specific topics or questions you'd like to address during the meeting, please feel free to let us know in advance.

We look forward to seeing you on April 19th and working collaboratively towards a positive outcome for our community and its feline residents.

Yours,

Melissa Verdon
