FROM: Marva Brown, Community Director

**RE: Package Pickup**

We have recently noticed a rise in the number of packages being left in the entrance of the building. Additionally, we have seen residents using packages to prop open the front door of the building.

The leasing office is not responsible for lost or stolen packages. Please pick up your packages promptly when they are delivered. Also, do not prop the door open with packages as it allows rodents and possible package thieves easy access.

Yours,

**Marva Brown**

Community Director, Enclaves
