Philadelphia, PA, 19145

FROM: Marva Brown, Community Director

RE: General - Construction notice

We apologize for the foul odor in the building. We believe it is a dead possum or other wildlife critter under the building. We have contracted with a Wildlife Removal company to remove the critter, sanitize and deodorize the area. We expect to have this work completed between today and tomorrow.

Again, we apologize for your inconvenience.

Yours,

Marva Brown

Community Director, Enclaves
