RE: Incident has been Reported

This is to inform you that we have received reports of residents smoking in the fire towers on your floor. Please be advised, smoking in common areas of the building is strictly profited and could result in fines and/or lease termination.

If you have been smoking in the fire tower refrain from doing so immediately. If you know who is smoking in the fire tower, please contact the leasing office with that information.

Thank you for your help in keep the common areas of the building smoke free.

Yours,

Marva Brown
