RE: Water Shut-Off

The Philadelphia Water Department responded to a 30-inch water main break near the intersection of Cherokee Street and Hartwell Lane. The break was detected this morning shortly before 5:00am.

Unfortunately, the water shut off affected residents located in the Chestnut Hill, Mt. Airy, West Oak Lane, Roxborough, and surrounding areas.

I was told by the water department the water pressure may be low, but the water will be restored between 11:00am - 1:00pm and full water pressure will be restored by the end of the day.
